Hi Kelly,

Regarding these three items –

-We get annual reports from DOGGR (they are referred to as “7520” reports) and I will talk with my folks as to how far back we have these reports.

- We have put quite a few documents on FOIA online (most pertain specifically to aquifer exemption issues), and we are also working on another FOIA request that will be completed around the middle of January. We can identify those FOIA requests and give access to the documents we released.

- I’ll have to look into whether there was a 2003 program review. I’m not sure there was but will check in with folks who would likely know.

I’m in Monday and then out until Jan 5, but I’ll at least get the ball rolling.

David

Hi folks - Please see some follow up questions from Julie Cart at the LAT. I know folks are heading out for the holidays but I'm wondering if we could start pulling together the info she's asking for, and/or directing her to FOIA online where applicable...

I will be in Mon and Tues and can also follow up then.

Kelly

I want to follow up with a couple of document requests.

--Do you have copies of DOGGR's yearly reports to EPA regarding the UIC program? It's required in the 1983 MOU.

--I have some, but very little, correspondence between EPA and DOGGR regarding the program. Is there a FOIA I can piggyback on to get those documents?

--Has EPA performed any reviews or reports of DOGGR's performance, other than the 2011 report? Seem to be references to an earlier (2003?) review.
